The HAEA cordially invites everyone in our community - patients as well as their families and friends - to the 2017 HAEA National Patient Summit for our patient community! Limited space is still available! The Summit will take place from September 15 -17 in Bloomington, Minnesota.

You won't want to miss this year's Patient Summit! The theme, "Stand Up Strong" represents the strength, durability, and remarkable progress our community has made in the quest for improving our quality of life. The SUMMIT provides you and your family the opportunity to meet one-on-one with HAE experts, hear about all of the HAE therapies now available, meet your HAEA Patient Advocates, and much more! We will also celebrate the work being done by HAE heroes who make a difference every day by raising HAE awareness within their own local communities.

You'll end a full day's program with an incredibly fun evening on Saturday that includes dinner and entertainment. On Sunday morning, we'll close out the 2017 Patient Summit with another exhilarating HAE IN-MOTION® 5K walk/run!

Travel Grants to attend the 2017 HAEA National Patient Summit are still available, but you must register now before they're all gone! If you would like to apply for a SUMMIT Travel Grant, please fill in the grant section of the online Registration form. An HAEA Patient Advocate will be in touch regarding your request.
